ORDER

The Court will be holding oral argument to address questions concerning the parties' briefing of issues remaining following the Court's partial ruling on summary judgment. To aid the Court in advance of argument, by November 27, 2023, Plaintiffs shall file a completed version of the attached table pursuant to the following instructions:

The table lists types of Events Of Default ("EODs") alleged by Plaintiffs. In the **second column**, Plaintiffs shall indicate by inserting "yes" or "no" whether they allege any post-Settlement EODS of that particular type, and, if yes, during what years. "Settlement" refers to the 2011 Countrywide Settlement.

In the **third column**, Plaintiffs shall identify the source of the servicing standard or other contractual requirement allegedly breached. Relevant potential sources are: (1) Settlement § 5 (Plaintiffs shall identify the relevant sub-section); (2) Settlement § 10(b); (3) Other (which Plaintiffs shall identify).

In the **fourth column**, Plaintiffs shall identify the paragraphs from the Beckles expert report that Plaintiffs contend provide proof of the respective EOD under the respective standard.

Dated: November 13, 2023
